ADARSH B S

Python Developer

Mob: 9400355185
Email: adarshsarachandran@gmail.com
Github: https://github.com/Adarsh-oo7
Portfolio: https://adarshbs.com/
LinkedIn : https://www.linkedin.com/in/adarsh-bs/

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, Bootstrap 4, JavaScript, React js, Jquery, REST API
- **Backend:** Python, Django
- **Database**: MySQL
- **Version Control System:** Git
- **IDE:** Sublime Text, PyCharm, VS Code
- **Other Programming Languages:**   c, JavaScript
- **Other Softwares**: MS Office
- **Operating System:** Windows
- **Other skills:** Critical Thinking,Continuous Learning

CERTIFICATIONS

- Full Stack Web Development in Python/React js from MashupStack

INTERNSHIPS

- At Krishi Bhavan Azhoor gov. of kerala(Agriculture)
- Internship at MSSRF wayanad
- Doing Internship at MashupStack TVM as Web Developer

PROJECTS

Completed 20+ projects focused on upskilling in various technologies and programming languages, enhancing technical expertise and problem-solving abilities

Django Projects (Self learning)
Hotel Management Web Application
Description
     The Hotel Management Web Application is a robust platform developed using **Django, Bootstrap, HTML, CSS, jQuery, AJAX, and JavaScript,MySql** designed to address the common challenges travelers face when booking hotels. This app simplifies the process by offering an

efficient hotel search feature, allowing users to filter and sort hotels based on their specific preferences, such as location, price, and amenities. With real-time availability updates, users can avoid the frustration of booking unavailable rooms. The app also provides a hassle-free booking experience, enabling secure room reservations in just a few clicks. Integrated payment gateways ensure that transactions are safe and seamless, eliminating the need for external payment services. Additionally, users can easily track their booking and payment status, all in one place. This comprehensive solution makes hotel searching and booking more convenient, reliable, and enjoyable, making it an essential tool for travelers.

Front-end Project #2

Description

Developed a dynamic multi-portfolio website showcasing proficiency in HTML5, CSS, Bootstrap, and React. Designed and implemented a sleek and responsive frontend using HTML5 and CSS, ensuring optimal user experience across devices.

Other Projects

- **Weather App** [skills:- **HTML , CSS, JavaScript, API**]
   Git Hub:-https://github.com/Adarsh-oo7/weatherApp
- CRUD using **React Redux**[skills:- **React, Redux, HTML,JavaScrip**t]
   Git Hub:- https://github.com/Adarsh-oo7/react-redux
- **Gemini AI** (clone using API) [skills:-**HTML,CSS,JavaScript, React, API**]
   Git Hub:-https://github.com/Adarsh-oo7/gemini-clone
- **Calculate**r(I phone Clone) [skills:- **HTML,CSS,JavaScript**]
   Git Hub:- https://github.com/Adarsh-oo7/calculater

EDUCATION

- PGDCA from U-tek ,Attingal,with 87% in2024
- B.VOC in Sustainable Agriculture from ST. Thomas College ,Pala with 7.42 CGPA in 2023
- +2 from GVHSS Vakkom, with 70% in 2020
- 10 from CSI EMHSS , Attingal with 81% in2018

PERSONAL DETAILS

- **Full Name:** ADARSH B S
- **Date of Birth:** 24/08/2001
- **Marital Status:** Single
- **Gender:** Male
- **Address:** adarshsarachandran@gmail.com
- **Languages Known:** English, Malayalam
- **Hobbies:** Reading,Traveling

DECLARATION

I do hereby declare that all the above-furnished statements are correct and true to the best of my knowledge and belief
